

Unless / If

Directions: One person reads the directions at the bottom of the page, while the other(s) follow the directions.

- 1) If there is a star circle it. Circle the moon if it is next to the star. Underline both the star and the moon unless they are shapes.
- 2) Circle the rectangle if it is between the two hearts. Cross out each shape unless any of them are ovals.
- 3) If an apple is a fruit circle it. If a car has wings circle it. If a shoe can be used for walking, circle it. Underline each picture unless it has a windshield.
- 4) Put an X on the bridge unless "bridge" starts with "b." Put an X on the cube unless it has 2 sides. Circle the 3 unless it is a number. Draw a box around the bird if it has wings.
- 5) Circle the country if it is next to the stop sign. Unless the ruler is between a stop sign and a calendar, cross it out. If the country is first, then underline the last picture.
